## PANIC IN A THEATER

Actors at the People's Theater, Philadelphia, Mobbed by a Throng of Irishmen.

### SOME ONE DISCHARGED A PISTOL.

Immediately There Was a Rush For the Exits and Women and Children Were Trampled Upon.

The Disturbers Were Inclined to Resist Arrest and There Was a Lively Encounter, But They Were Subdued By Police.

Philadelphia, March 31.—A panic was precipitated at the People's theater Monday night when the actors in the farce, "McFadden's Row of Flats," were mobbed by a throng of Irishmen. Eighteen men were arrested and held without bail, charged with inciting to riot.

The disturbance occurred in the first act. While Arthur Whitehead was singing "Mr. Dooley" he was greeted with a shower of eggs and some person in the audience discharged a pistol. Immediately there was a rush for the exits and in the excitement women and children were trampled upon. None was seriously injured, however.

The police were called and three patrol wagons filled with policemen were dispatched to the scene. The disturbers were inclined to resist arrest and there was a lively encounter but the riotous element was quickly subdued. The magistrate before whom the prisoners were arraigned refused to accept bail for them.

Maj. P. C. D. O'Donovan, national president of the Gaelic league, occupied a box at the theater. After the occurrence he said his presence was due to a desire to judge for himself if the attack made upon the play in New York Saturday night was warranted. Maj. O'Donovan said he saw nothing offensive in the performance.

### THE DUKE IN TROUBLE AGAIN.

A Writ of Attachment to Cover An Alleged Debt of \$225 Served.

New York, March 31.—A writ of attachment to cover an alleged debt of \$225 was served Monday against the duke and duchess of Manchester, who recently arrived from Palm Beach. The writ was procured by a Fifth avenue firm of dealers in antiques who allege that some months ago the duke purchased from them a brass ornament in the form of a shield, giving in payment his check for 45 pounds sterling on a London bank, which was subsequently returned marked "No funds." A similar attachment was served by a local firm of jewelers on the occasion of the last visit of the duke and duchess to New York.

### COUNTERFEIT NOTES.

Two of Them, Poorly Executed, Discovered By Secret Service Officials.

Washington, March 31.—The secret service Monday announced the discovery of two counterfeit notes. One is a \$5 silver certificate of the series of 1899 and is a poorly executed, etched production on thin, soft paper, no attempt having been made to imitate the silk fiber of the genuine. The other is a \$5 national bank note, reading "United States the Citizens International Bank, New York, pays to the bearer on demand \$5." It bears a portrait of Garfield. The seal appears to be that of some secret order. The note bears no signature, either of United States or of the bank officials.

### NEGRO LYNCHED.

He Was in Jail at Bradley, Ark., Charged With Arson.

Lewisville, Ark., March 31.—Mear news has reached here of a lynching which took place in the county three days ago at Bradley, near the Louisiana line. Frank Robertson, the Negro lynched, was in jail, charged with arson. He had confessed to firing a store. Last Thursday night a party of 25 men, supposed to be from across the Louisiana line, rode into Bradley, overpowered the jailor, took possession of the Negro and rode away with him. The body has not been found.

Dubois, Pa., March 31.—All the employees of the Mayler glass factory at this place and the Fitzpatrick plant at Falls Creek are on strike. The men refused to accept a cut of 12½ per cent. in wages.

## CONTRACT SIGNED.

A Ship Canal to Be Built From Indiana Harbor to the Calumet River.

### WORK TO BE COMMENCED AT ONCE

It Will Be 21 Feet Deep, 300 Feet Wide at the Mouth and 250 Feet Elsewhere.

The Fight For This Improvement Has Been Bitterly Waged in the Last Five Legislatures of Indiana.

Indianapolis, Ind., March 31.—It was announced Monday night that a contract has been signed between the Indiana harbor syndicate and the trunk lines running through Hammond from Chicago by which a canal will be built at once from Indiana harbor three and one-half miles south to Calumet river, the canal to be 21 feet deep, 300 feet wide at the mouth and 250 feet wide elsewhere. It will cost \$700,000. The railroads will construct swing bridges. The syndicate is composed of McCormack and Palmer interests and C. W. Hotchkiss, F. R. Babcock, Frederick S. Winston, Albert D. Erskine, Oakleigh Thorne, John A. Spore, Owen Aldes, Jarvis Hunt and Richard Fitzgerald, all of Chicago.

The syndicate has incorporated here the East Chicago belt line to parallel the canal at a distance of 3,000 feet from it to give factories railroad shipping facilities and has incorporated the Indiana Harbor Railroad Co. to connect the harbor with the coal fields of Indiana in the vicinity of Terre Haute. The coal road is capitalized for \$200,000. A steamship line has also been organized. The Wolf Lake harbor project is now under way, contracts for dredging being let. One hundred teams have begun work on the Indiana harbor project.

The fight for the improvements has been waged in the last five legislatures of Indiana, Hammond and the syndicate urging legislation and the railroads opposing it. Hundreds of thousands have been spent in the effort to secure legislation and to prevent it. The Michigan Central railroad is said to be interested in the coal road.

### THE DIFFERENCES SETTLED.

There Will Be No Strike in the Coal Fields of Western Kentucky.

Louisville, Ky., March 31.—There will be no strike in the coal fields of western Kentucky. This was the announcement made Monday night by the representatives of the operator and miners of the district, who have been in conference here for the past few days, arranging a scale of wages for 1903. The conference came to an end Monday night, and at its conclusion a statement was given out to the effect that a 10 per cent advance had been granted and accepted on mining, yardage and day labor. The minimum advance of the outside day laborers will be 12½ per cent. The new scale will be signed Tuesday, and the conferees will then leave for their homes.

### Important Announcement of the Maysville Gas Company.

Under 2000 cu. ft. of gas \$1.50 per 1000  
Over 2000 cu. ft. of gas and under 3000 cu. ft. \$1.25 per 1000.

3000 cu. ft. of gas and over \$1 per 1000.  
At a meeting of the Board of Directors of the Maysville Gas Company March 28th, 1903, it was ordered that on and after the first day of April, 1903, the above sliding scale of price of gas for all purposes, fuel and illuminating, should go into effect for all private consumption, and that all rates and discounts heretofore made are hereby abolished.

It was further ordered that after the first of April the old rule of the company "gas will be turned off if account is not paid within five days after presentation," shall be enforced, impartially and indiscriminately, regardless of whom it may concern. (This action was taken not to appear arbitrary nor with the idea that the accounts of the consumers were not perfectly good at any time during the month, or a year later for that matter, but for the good of all concerned and in order that this part of the business of the company might be taken up at a specified time during the month and disposed of, and further in order that the time and thought of the company's agents and employees, now so largely occupied with this work of collecting, might for the balance of the month be diverted toward giving consumers of gas better attention and more efficient supply and service.)

It was further ordered that beginning with the first of May and for each and every month thereafter, the monthly statement of account of each consumer should be delivered to said consumer by an agent of the company on the first day of the month, or the second day, if the first comes on Sunday, and that said account shall thereafter within five days be due and payable at the office of the company on Court street, Maysville, Ky., and if not so paid gas will be promptly shut off.

The gas company further announces that, after the first day of April, they will handle and sell at cost price to gas consumers any of the great variety of gas stoves and ranges made by and shown in the catalogue of the Detroit Stove Works, Detroit, Mich., which price will be a sum equivalent to 50 per cent. discount from the list prices in said catalogue. These stoves and ranges will be sold for cash only, or according to the terms of a printed lease, whereby easy payments are extended over a period of from twelve to seventeen months. For instance, take a gas range listed in catalogue at \$26, the gas company will sell this range to consumer for \$13 cash or for \$2.60 cash at signing of lease and 60 cents a month for seventeen months, at the expiration of which time the range is sole property of consumer. The company has selected to handle the Detroit Jewel Gas Range on account of its acknowledged superiority and wide reputation for durability and economical consumption of gas.

The gas company will also handle, at cost price to consumer, the fixtures and mantles of the Weisbach Company in all of their many attractive varieties.

Before closing this announcement the gas company wishes to publicly express appreciation of the eminently fair, just and courteous treatment accorded them by his honor, the Mayor, and the Board of Council, particularly the Chairman and members of the Gas Committee of that body, through whose efforts in behalf of the private consumers, the above concession in the price of gas is now announced.

With the assurance to the citizens of Maysville that it will be the earnest effort of the company and its agents to at all times give them their best possible service at the least cost, we beg to remain, very respectfully,  
MAYSVILLE GAS CO.

P. S.—On and after April 1st the gas company will have on exhibition at the plumbing establishment of Mr. Larry Langenfels on Market street samples of the Detroit Jewel Gas Ranges, to the inspection of which those interested are cordially invited. You can leave your order for a range with any representative of the gas company, with Mr. Langfels or your regular plumber, with whom you will have to make arrangements for the connecting and fitting up of range in case of the placing of order.

Auditor's Agent Watson has filed an agreed settlement with the Maysville and Mason County Cemetery Company for omitted taxes, the total assessment being \$15,902.74. ## THE FAMOUS CASE.

The Burdick Murder Inquest Formally Closed by Judge Murphy at Buffalo.

### ONLY TWO WITNESSES EXAMINED.

They Testified to Hearing Pennell Threaten to Kill Some One if He Hung For It.

The Inquest in the Pennell Accident Case Has Been Postponed Indefinitely Owing to the Absence of One Witness.

Buffalo, N. Y., March 31.—The Burdick murder inquest was reopened Monday before Police Judge Murphy for the purpose of hearing the testimony of Alexander J. Quinn, the bartender at the Hotel Roland, New York city, who, it is alleged, heard Pennell threaten to kill Burdick, and of F. G. H. King, cashier of the hotel. Mrs. Burdick stopped at the Hotel Roland during her last visit to New York, and Pennell visited her there.

Alex. G. Quinn was the first witness. He said he made the acquaintance of Arthur R. Pennell early in December last at the Hotel Roland. Asked to relate the conversation he had with Pennell at that time, Quinn said: "Mr. Pennell first asked for a time table, which was given him. Afterwards he entered into conversation with the cashier and myself. Mr. Pennell had several drinks. He gave me his card. During the conversation Pennell said:

"You do not know what is passing through my mind, boys. There is one man I could kill now even if I hung for it."

"I remarked that his man must be out of the state, as we have more improved methods here now."

F. G. H. King, former cashier of the Hotel Roland, who was present during the conversation related by Quinn, was the next witness. Detailing this conversation, King said:

"Pennell discussed a picture that was hanging on the wall of the room and after having a few drinks, he said: 'There is one man I could kill, although I might swing for it.' After having another drink I proposed a toast which was responded to by Mr. Pennell. I think he said: 'Here's to death.' At the same time he said he was having the greatest time of his life, although it was at the expense of another."

The inquest was closed formally by Judge Murphy after hearing the testimony of Quinn and King.

No arrests will be made and no warrants issued.

The Pennell inquest which Judge Murphy had announced would begin Monday morning was postponed indefinitely. The reason announced was the absence of witnesses from the city.

District Attorney Coatsworth was in court and said he was ready to go ahead and that the postponement was not at his request. One witness was absent from the city. He was Wallace Thayer, Pennell's attorney and confidential friend up to the time of his death. A dozen or more witnesses in the Pennell inquest were present ready to give testimony, so if deemed advisable, the inquest could have proceeded and at some later day Mr. Thayer could have been examined.

Considerable pressure has been brought to bear by friends of the Pennells to avert the inquest and postpone it indefinitely if not to block it permanently. The efforts of course had no weight with the court and Judge Murphy's decision not to hold the inquest at present was based on all the circumstances of the case. When the Pennell inquest will be held, if at all, is not yet settled.

### "BETTER LATE THAN NEVER."

The County Board of Health, in ordering a general vaccination of the people of this city and county, has at last done what the BULLETIN has repeatedly and persistently urged. In substantiation of this statement, we reprint here part of an editorial taken from the columns of the BULLETIN of Feb 7th:

Everywhere and always, for a hundred years or more, vaccination, under proper conditions, has arrested the ravages of smallpox even in its most virulent form. The National Government understands this, and vaccinates wherever it goes. Vaccination, like education, follows the flag. Were this not so, vast populations would succumb to the ravages of epidemic disease in one of its most destructive forms.

Let us be thankful, then, that it is with 'smallpox' we have to deal. The Jennerian method of vaccination, though somewhat antiquated, will infallibly arrest the spread of this disease. There are deadlier contagions which it will not affect. But the contagions of smallpox is the only one to be considered now, and the preventive measure which is known to be promptly and permanently effective, should be adopted at once.

If Dr. McCormack's estimate be correct for the State at large, very probably there are several thousand unvaccinated persons in this town. We will say 4,000. The cost of vaccinating a thousand persons would not exceed \$300. An appropriation of \$300 a month for four months, if judiciously expended, would render the entire population practically smallpox proof. But the work must be systematically done—not under the stimulus of a 'rush' order, but with the utmost deliberation and care.

It is unfortunate for Maysville that the BULLETIN's advice was not heeded at that time. Had the people been vaccinated then, the present fresh outbreak of the disease would have been averted, with all the consequent interference with the business and health of the city. The delay is proving a very costly one to Maysville. Experience is indeed a costly teacher.

## SMALLPOX!

Whereas, Smallpox has existed in Mason County at short intervals for the past four years, and, although repeatedly stamped out by the co-operation of the health and fiscal officials, has been re-imported from other States and sections and gained new footholds because so large a percent. of our people have failed to comply with the law requiring everybody to be vaccinated, and,

Whereas, Smallpox now exists and is becoming epidemic in Maysville and other sections of the county, and every unvaccinated person is a menace to the health, lives and business interests of the entire county,

Now, Therefore, be it known, That the Mason County Board of Health, in the exercise of authority vested in it by law, hereby requests and directs every unvaccinated person in this county to have himself or herself, and all children, wards or other persons dependent upon them, to be vaccinated at once, and requests and directs that every person whose mark is over five years old, to be re-vaccinated at once, and on and after April 8, 1903, it hereby places every house in Mason County which contains any person or persons, who have not been successfully vaccinated within five years, last past, in close quarantine; and it forbids any person to attend any school in this county, as teacher or pupil, or to go to any church or other public assembly, or to go upon any street, highway or road, who has not been successfully vaccinated within five years, and it forbids any person or corporation to employ or to permit on his premises, in this county, as tenant or employee, any person who has not been successfully vaccinated within five years. The county will provide the virus and will pay for the vaccination of all persons who are unable to pay for the same, if they will apply in person to the physician in their precinct, or to the Health Officer.

SECTIONS OF THE GENERAL STATUTES OF KENTUCKY.  
 Sec. 4618. Penalty for Persons Having Smallpox Going in Public Places—Any person who, having reason at the time to believe himself afflicted with the disease of smallpox, shall voluntarily go upon any public highway or street, or to any place at which people are accustomed to collect or assemble, or who shall enter or go on board any steamboat, railroad car or public conveyance, and all persons who shall knowingly aid or assist any one thus to offend, shall be guilty of a misdemeanor, and, upon conviction, shall be fined not less than one hundred nor more than one thousand dollars.

Sec. 2060. Any physician or head of a family who shall fail or refuse to report to the local Board of Health cases of cholera, smallpox, yellow fever, diphtheria and other epidemic diseases, as provided for in section two thousand and fifty-five of the act mentioned in the title of this act, shall be fined not less than five dollars for each day he neglects or refuses to report.

### JUDGE FOR YOURSELF.

Which is Better, Try an Experiment or Profit by a Maysville Citizen's Experience.

Something new is an experiment. Must be proven to be as represented. The statement of a manufacturer is not convincing proof of merit. But the endorsement of friends is. Now suppose you had a bad back; A lame, weak or aching one. Would you experiment on it? You will read of many so-called cures, Endorsed by strangers from far away places.

It's different when the endorsement comes from home.

Easy to prove ideal testimony. Home endorsement is the proof that backs every box of Doan's Kidney Pills.

Read this case:

Mr. Fred W. Bauer, job printer of 4 East Second street, says: "For a year or more I had considerable pain in my back. The secretions from the kidneys were dark and there was some inflammation of the bladder, evidenced by a sensation of scalding. Doan's Kidney Pills came to my knowledge and I procured them at J. Jas. Wood & Son's drug store, corner of West Second and Market streets. The treatment soon restored the kidney secretions to a natural color, ended the inflammation and banished the pain from my back. If a cold or any other cause should bring on a recurrence I now know what to use." Sold for 50 cents per box by all dealers. Foster-Milburn Co., Buffalo, N. Y., sole agents for the United States.
